

HAPPY NEW YEAR
MAY THIS YEAR BRING PEACE, HAPPINESS, GOOD HEALTH AND JOY TO EVERYONE

President's Message
January 1, 2019

I hope this message finds everyone enjoying the beginning of the New Year. Greg and I were fortunate to have a holiday spent with good friends. Per our tradition, we are doing our movie marathon of some of the latest releases. We enjoy playing movie critics and deciding which ones might get an Academy Award nomination.

I would like to spend this message discussing our planning session that will be held on January 12th at Intera from 10-1. It is located at 9600 Great Hill Trail, Suite 300 W.

I cannot begin to emphasize how important it is for you to be at the planning session. I know that for some of you distance may be an issue. However for those who are nearby, please try to attend. At our December meeting there was quite a bit of discussion on the importance of club member input and participation in our club.. We agreed that a primary focus for the 12th should be on discussing the pathway and direction we want for our club.

I would appreciate having each of you sending me the top two or three topics that should be covered in the meeting. I have attached a sheet that shows some of the possible discussion topics for the day. These topics may not cover ones that you feel should be discussed. As a club we are evolving as we move from our formation phase into the next one. I like to think of it as the "tween" phase being in between the beginning and maturing as a club. Another area for discussion will be to know what you would like to do to help support the club. We have focused on service projects that are youth and community centered. Should there be other areas that can be incorporated into our goals as a service organization?

. I am planning on ordering sandwiches from Newk's Deli and will bring water and soft drinks. When you return the attached form please let me know what you might bring.

Again I hope you will give serious consideration to being at the planning session on January 12th. I look forward to seeing you there.

All the best
Carol
